

SOUK MATCH NETWORKING REPORT

This report is tailored to your sector and your written request.

Your request: We are a Germany-based medical company. As a company that produces and exports medical consumables, devices and spare parts, we are interested in finding possible customers in Gulf region with particular interest in Riyadh, Saudi Arabia. We request a Souk Match networking report containing five*verified medical consumables importers in Riyadh, Saudi Arabia. We produce microtainers, IV Bags, disposable sampling tubes, 96 Deep well plates, electroporation cuvettes, rapid antigen tests and we are looking forward to finding possible customers. We have ISO 13485 certification along with other certifications.

**In our sample networking report, we only provide one company information.*

1.

Company Name: **** Medical Group

Foundation Year: 1991

Main Sector and Subsector/s: Healthcare - Medical Consumables

Focus area of production or trade: Our focus trade products: masks, epidural kits, breathing circuits, LMA's, hyperinflation bag, irrigation trays, suctioning catheters, yankauers, wound evacuators, microtainers, IV bags, disposable sampling tube, 96 deep well plate, electroporation cuvettes, rapid antigen test.

Active countries: Saudi Arabia, Kuwait, Qatar, India, Türkiye

Headquartered: In Riyadh

Monthly consumption capacity: N/A - We prefer not to share.

Point of Contact Name and Phone Number: Abdulwahed ***** - +96656*****

References: ***** Medical Company in Kuwait (POC: Abdallah *****, +965*****), and **** Medical Group in Libya. (POC: Faraj *****, +21892*****)

Chamber membership/s: Member to Riyadh Chamber of Commerce

Number of employees: 100 plus

Awards or media coverage: N/A

Company's message to a potential partner: We are large distributor of medical consumables based in Riyadh and many high-quality, private hospitals in and around Riyadh are our customers. We request samples before being contacted for a possible deal. We have been working with Turkish and Indian medical producers so far along with some European companies for small amounts.

Proof of Previous Trade Transaction: We prefer to share it in next steps.

Notes about the Subsector: Saudi Arabia's healthcare sector is being privatized due to state's policies. The public sector's role in healthcare is being diminished. More and more private hospitals are being opened, therefore, private sector's demand for supplying medical consumable increase. Given the fact that Saudi population will keep increasing in the coming decades, Saudi healthcare market is promising for medical consumable exporters.

Open for investment: No

Souk Match Verified: Yes
